

## Neck Bushing &#x2300;12,7-7,33/.2886

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

### Attributes

- Name: Neck Bushing &#x2300;12,7-7,33/.2886
- Manufacturer: TRIEBEL
- Product no.: EU2017666
- Mfr. No.: 3000240V-07.33
- Diameter mm: 12,7 / 7,33
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-07.33

# Neck Bushing Safety Instruction Guide

## Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before use to minimize risks and ensure optimal performance.

## General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose: precise neck sizing in reloading applications.
- Always inspect the Neck Bushing for any signs of damage or wear before each use. Do not use a damaged bushing.
- Keep the Neck Bushing out of reach of children and vulnerable individuals. This product is not intended for use by individuals under the age of 18.
- Use personal protective equipment (PPE), such as safety glasses and gloves, when handling and using the Neck Bushing to prevent injury.
- Follow all manufacturer instructions and guidelines when using the Neck Bushing with reloading dies.

## Specific Safety Precautions for Use

- Always ensure that the Neck Bushing is properly installed in the reloading die before use.
- Do not exceed the recommended sizing limits specified by the manufacturer.
- Avoid using excessive force during sizing operations, as this may cause damage to the bushing or the reloading die.
- Be aware of the potential for metal shavings or debris during operation. Clean the work area regularly to prevent accidents.
- If the bushing becomes stuck or jammed, do not force it out. Instead, follow proper procedures to safely remove it without causing damage or injury.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the reloading die is clean and free of debris.
- Insert the Neck Bushing into the designated area of the reloading die, ensuring it fits securely.
- Tighten any set screws or locking mechanisms as per the manufacturer's instructions to secure the bushing in place.

### 2. Usage:

- Prepare your brass cases according to standard reloading procedures.
- Place the brass case into the reloading die with the installed Neck Bushing.
- Operate the reloading press smoothly and steadily to resize the neck of the brass case.
- After resizing, remove the brass case and inspect it for proper sizing and any signs of damage.

## Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations for metal waste.
- Do not dispose of the Neck Bushing in regular household waste. Check with local authorities for proper recycling or disposal options.

## **Contact Information for Further Support**

For any inquiries regarding the Neck Bushing, please refer to the manufacturer's website or customer service channels for assistance.
