

Neck Bushing ⌀12,7-7,35/.2894

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-7,35/.2894
- Manufacturer: TRIEBEL
- Product no.: EU2017668
- Mfr. No.: 3000240V-07.35
- Diameter mm: 12,7 / 7,35
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-07.35

Safety Instruction Guide for Neck Bushing

Introduction

Thank you for choosing the Neck Bushing. This product is designed for precise neck sizing in reloading applications. To ensure safe and effective use, please read and follow these safety instructions carefully. This guide complies with the EU General Product Safety Regulation (GPSR) to help you use the product safely and responsibly.

General Safety Guidelines

- Ensure the Neck Bushing is used only for its intended purpose.
- Always handle the Neck Bushing with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the Neck Bushing for any signs of wear or damage before use.
- If you notice any defects, do not use the product and contact the manufacturer.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the Neck Bushing.
- Ensure that the reloading press is stable and securely mounted before use.
- Do not exceed the recommended specifications for the Neck Bushing.
- Always follow the manufacturer's guidelines for the reloading process.
- Avoid direct contact with moving parts during operation to prevent injury.
- Do not attempt to modify or alter the Neck Bushing in any way.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading die is compatible with the Neck Bushing.
- Clean the Neck Bushing and the reloading die to remove any debris or contaminants.
- Insert the Neck Bushing into the reloading die according to the manufacturer's instructions.
- Secure the Neck Bushing in place using the appropriate tools, ensuring it is tightly fitted.

2. Usage

- Before beginning the reloading process, verify that the Neck Bushing is properly installed and functioning.
- Adjust the reloading press to the correct settings as per your reloading specifications.
- Begin the neck sizing process by carefully operating the reloading press, ensuring a smooth and even motion.
- Monitor the operation closely for any unusual sounds or resistance.
- After use, remove the Neck Bushing from the reloading die and clean it thoroughly to maintain its performance.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations for metal recycling.
- Do not dispose of the product in regular household waste.
- Ensure that the Neck Bushing is not accessible to children or pets during disposal.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product concerns, please refer to the manufacturer's contact information provided with your product packaging. You can also find additional resources and updates on the EU Safety Gate platform.

By following these guidelines, you help ensure your safety and the safety of others while using the Neck Bushing. Thank you for your attention to these important safety instructions.
