Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing for your reloading needs. This product is designed for precise neck sizing and is made from highquality hardened steel to ensure durability and accuracy. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose of neck sizing in reloading applications.
- Always inspect the Neck Bushing for any signs of damage or wear before each use. Do not use if damaged.
- Keep the Neck Bushing out of reach of children and vulnerable individuals to prevent accidents.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the Neck Bushing.
- Be aware of your surroundings and ensure that the workspace is clean and free from hazards while using the product.
- Follow all relevant local and national regulations regarding the use of reloading equipment.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Potential injuries may include cuts or lacerations from improper handling.
 - Improper usage may lead to inaccurate neck sizing, affecting the performance of ammunition.
- **Avoiding Hazards:**
 - Always handle the Neck Bushing with care to avoid cuts.
 - Ensure that your hands are dry and clean when handling the product.
 - Never attempt to modify or alter the Neck Bushing in any way.
 - Store the Neck Bushing in a secure place when not in use to prevent accidents.
- **AgeSpecific Warnings:**
 - This product is not intended for use by individuals under the age of 18 without adult supervision. Ensure that minors do not handle the product without guidance.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that your reloading die is compatible with the Neck Bushing.
 2. Carefully insert the Neck Bushing into the reloading die according to the manufacturer's instructions.
 3. Secure the bushing in place as per the die specifications to ensure proper alignment.
- **Usage:**
 1. Prepare your brass cases for neck sizing by cleaning and inspecting them.
 2. Set your reloading press to the appropriate settings for neck sizing.
 3. Place the brass case into the reloading die with the Neck Bushing installed.

4. Operate the press slowly and steadily, ensuring that the bushing engages the neck of the case properly.
5. After sizing, remove the case and inspect it for accuracy and uniformity.

Disposal Instructions

- Dispose of the Neck Bushing according to your local waste management regulations.
- Do not dispose of the product in household waste if it is damaged or no longer usable.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Neck Bushing, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

Thank you for following these safety instructions. Your careful attention to these guidelines will help ensure a safe and effective reloading experience.
