

Neck Bushing ⌀12,7-7,72/.3039

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-7,72/.3039
- Manufacturer: TRIEBEL
- Product no.: EU2017688
- Mfr. No.: 3000240V-07.72
- Diameter mm: 12,7 / 7,72
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-07.72

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety instructions and information to ensure the safe and effective use of the product. Please read this guide thoroughly before using the Neck Bushing.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose: precise neck sizing in reloading applications.
- Follow all safety instructions provided in this guide to minimize risks associated with the use of the product.
- Keep the Neck Bushing out of reach of children and vulnerable individuals.
- Regularly inspect the Neck Bushing for any signs of wear or damage before use. If any damage is detected, discontinue use immediately.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the Neck Bushing.
- Ensure that your reloading equipment is compatible with the Neck Bushing to prevent accidents.
- Do not exceed the recommended specifications for the Neck Bushing, as this may lead to equipment failure or personal injury.
- Avoid using the Neck Bushing in wet or damp environments to prevent slipping or electrical hazards.
- Never attempt to modify or alter the Neck Bushing in any way, as this can compromise safety and functionality.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials for the reloading process.
- Ensure that your work area is clean, organized, and free from distractions.

2. Installation

- Carefully insert the Neck Bushing into the appropriate reloading die according to the manufacturer's instructions.
- Ensure that the Neck Bushing is securely positioned and properly aligned.

3. Usage

- Follow the specific reloading guidelines provided by the manufacturer of your reloading equipment.
- When resizing cases, apply steady and even pressure to ensure consistency and accuracy.
- After each use, clean the Neck Bushing to remove any residue or debris.

Disposal Instructions

- Dispose of the Neck Bushing responsibly when it is no longer in use or has reached the end of its life cycle.
- Follow local regulations regarding the disposal of metal products and ensure that they are recycled where possible.

possible.

- Do not dispose of the Neck Bushing in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please refer to the manufacturer's contact information provided in the product packaging or visit their official website. Ensure you have the product details at hand when seeking assistance.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective experience with the Neck Bushing.
