

Neck Bushing ⌀12,7-8,00/.3150

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-8,00/.3150
- Manufacturer: TRIEBEL
- Product no.: EU2017702
- Mfr. No.: 3000240V-08.00
- Diameter mm: 12,7 / 8,00
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-08.00

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing, a highquality product designed for precise neck sizing in reloading applications. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the Neck Bushing. Please read this document carefully before using the product.

General Safety Guidelines

- Always ensure the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the Neck Bushing for any signs of wear or damage before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the Neck Bushing only for its intended purpose to avoid potential hazards.
- Report any unsafe conditions or accidents to the relevant authorities immediately.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the Neck Bushing.
- Ensure that the reloading setup is stable and secure before using the Neck Bushing.
- Avoid using excessive force when inserting or removing the Neck Bushing from the reloading die.
- Do not modify the Neck Bushing or use it in a way that is not specified by the manufacturer.
- Be aware of the potential hazards associated with reloading ammunition and follow all safety protocols related to that process.

Instructions for Installation and Usage

1. Preparation:

- Ensure your reloading die is clean and free from debris.
- Gather all necessary tools and equipment for the reloading process.

2. Installation:

- Carefully insert the Neck Bushing into the designated area of the reloading die.
- Ensure that it fits snugly and is properly aligned.
- Tighten any locking mechanisms as per the manufacturer's instructions to secure the Neck Bushing in place.

3. Usage:

- Follow the specific reloading instructions provided with your reloading die.
- Monitor the Neck Bushing during use to ensure it remains securely in place.
- After use, carefully remove the Neck Bushing from the reloading die.

4. PostUse Care:

- Clean the Neck Bushing with a soft cloth to remove any debris or residue.
- Inspect for any signs of wear or damage before storing.
- Store the Neck Bushing in a safe, dry place away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options if available, as this product is made from metal.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective experience with your Neck Bushing.
