

Neck Bushing ⌀12,7-8,26/.3252

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-8,26/.3252
- Manufacturer: TRIEBEL
- Product no.: EU2017709
- Mfr. No.: 3000240V-08.26
- Diameter mm: 12,7 / 8,26
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-08.26

Safety Instruction Guide for Neck Bushing

Introduction

Thank you for choosing the Neck Bushing. This product is designed for precision neck sizing in reloading applications. To ensure safe and effective use, please read this safety instruction guide carefully. It contains essential information about product safety, usage precautions, and regulatory compliance in accordance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** This product is designed to be safe for use. However, it is important to follow all safety guidelines to avoid any risks associated with improper use.
- **Enhanced Recalls:** In the event of product recalls, standardized notices will be issued. Please stay informed about any recalls related to this product.
- **Online Shopping Safety:** If purchased online, ensure that the retailer complies with safety requirements similar to those of physical stores.
- **Consumer Protection:** Extra safeguards are in place for vulnerable groups. Ensure that this product is used only by individuals who are knowledgeable about its operation.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the manufacturer or retailer.
- **Rapid Alerts:** Stay updated on product safety alerts through the EU Safety Gate system.

Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand the instructions before using the Neck Bushing.
- **Use Proper Equipment:** Ensure that your reloading setup is compatible with the Neck Bushing to avoid accidents.
- **Wear Protective Gear:** Use safety glasses and gloves when handling this product to protect against possible injuries.
- **Check for Damage:** Inspect the Neck Bushing for any signs of wear or damage before use. Do not use if damaged.
- **Keep Out of Reach of Children:** This product is not intended for use by children. Store it in a safe place away from their reach.
- **Avoid Excessive Force:** Do not apply excessive force when using the Neck Bushing, as this may lead to equipment failure or personal injury.
- **Follow Reloading Guidelines:** Always adhere to established reloading guidelines to ensure safety and proper operation.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is turned off and unplugged before installation.
- Remove any existing bushing from the die you will be using.
- Carefully insert the Neck Bushing into the die, ensuring it is seated properly.
- Secure the bushing by tightening any locking mechanisms as specified in your die's manual.

2. Usage:

- Prepare your cases for neck sizing as per your reloading process.
- Insert the case into the reloading press, ensuring proper alignment with the Neck Bushing.
- Slowly operate the press to size the neck of the case. Do not rush this process.
- After sizing, remove the case and inspect it for proper sizing and any defects.

- Clean the Neck Bushing regularly to maintain its performance and longevity.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations for metal recycling.
- Do not dispose of in household waste.
- Ensure that any worn or damaged parts are disposed of safely to prevent injury to others.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please refer to the manufacturer's contact information provided with your purchase.
