

Neck Bushing ⌀12,7-8,31/.3272

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-8,31/.3272
- Manufacturer: TRIEBEL
- Product no.: EU2017713
- Mfr. No.: 3000240V-08.31
- Diameter mm: 12,7 / 8,31
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-08.31

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing, a highquality product designed for precise neck sizing in reloading applications. This guide provides important safety instructions and guidelines to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose: neck sizing in reloading.
- Always inspect the Neck Bushing before use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Be aware of the potential hazards associated with the use of reloading equipment and materials.
- Report any unsafe conditions or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the Neck Bushing.
- Ensure that the reloading press and equipment are in good working condition before use.
- Avoid using excessive force during the neck sizing process to prevent damage to the bushing or equipment.
- Do not exceed the recommended specifications for the Neck Bushing, including the diameter and material compatibility.
- Handle the Neck Bushing with care to avoid injury from sharp edges or burrs.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is turned off and unplugged before installation.
- Remove any existing bushing from the reloading die if applicable.
- Insert the Neck Bushing into the die, ensuring it is seated correctly.
- Secure the bushing according to the manufacturer's instructions.

2. Usage:

- Prepare the brass cases to be resized by cleaning them thoroughly.
- Adjust the reloading press to the appropriate settings for the Neck Bushing.
- Insert a brass case into the reloading die and engage the press slowly.
- Monitor the sizing process and ensure that the case is being resized evenly.
- After resizing, inspect the case for proper dimensions and any signs of damage.

Disposal Instructions

- Dispose of the Neck Bushing responsibly at the end of its life cycle.
- Follow local regulations for the disposal of metal products.
- Do not dispose of the product in regular household waste.
- Consider recycling options for the material if available.

Contact Information for Further Support

For any inquiries regarding the safety and use of the Neck Bushing, please refer to the product packaging or the manufacturer's website for further support.

By following these guidelines, you can ensure a safe and effective experience with your Neck Bushing. Thank you for your attention to safety!
