

Neck Bushing ⌀12,7-8,38/.3299

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-8,38/.3299
- Manufacturer: TRIEBEL
- Product no.: EU2017718
- Mfr. No.: 3000240V-08.38
- Diameter mm: 12,7 / 8,38
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-08.38

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This product is designed for precise neck sizing and is made from highquality hardened steel. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that you are familiar with the operation of reloading dies before using this product.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling or using the Neck Bushing.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the Neck Bushing for any signs of damage before use. Do not use if damaged.
- Follow all relevant local and national laws regarding the use of reloading equipment.

Specific Safety Precautions for Use

• Potential Hazards:

- Risk of injury from sharp edges or points.
- Risk of improper sizing leading to ammunition malfunction.

• Instructions for Avoiding Hazards:

- Handle the Neck Bushing carefully to avoid cuts.
- Ensure that the bushing is properly installed and secured before use.
- Do not exceed the recommended sizing parameters.
- Always perform a test sizing on a sample case to confirm proper fit before proceeding with fullsize operations.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading die is clean and free of debris.
- Carefully insert the Neck Bushing into the reloading die, ensuring it is seated correctly.
- Secure the bushing according to the die manufacturer's instructions.

2. Usage:

- Prepare your cases for neck sizing by ensuring they are clean and free of any obstructions.
- Adjust the die to the desired sizing depth as per your reloading requirements.
- Insert the case into the die and apply steady pressure using your reloading press.
- Inspect the sized case for proper neck tension and fit.

3. PostUse:

- Clean the Neck Bushing after each use to prevent buildup of residue.
- Store the bushing in a safe, dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is damaged.
- Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries, concerns, or safetyrelated questions, please refer to the manufacturer's contact information provided with your product packaging or on the official website.

By following these safety instructions, you can ensure a safe and effective experience with your Neck Bushing. Thank you for your attention to safety and compliance.
