

Neck Bushing ⌀12,7-8,53/.3358

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-8,53/.3358
- Manufacturer: TRIEBEL
- Product no.: EU2017731
- Mfr. No.: 3000240V-08.53
- Diameter mm: 12,7 / 8,53
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-08.53

Neck Bushing Safety Instructions

Introduction

Thank you for choosing the Neck Bushing. This product is designed for precise neck sizing and is made from highquality hardened steel to ensure maximum durability and accuracy. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the Neck Bushing in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- Inspect the bushing for any signs of damage or wear before each use. Do not use if damaged.
- Ensure that the work area is clean and free from hazards before using the bushing.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the bushing.
- Store the Neck Bushing in a safe and dry place when not in use to prevent damage.

Specific Safety Precautions for Use

- Use only with compatible reloading dies from Triebel Waffenwerkzeuge to ensure proper fit and function.
- Avoid applying excessive force during use, as this may damage the bushing or the reloading equipment.
- Never leave the bushing unattended while in use, and always supervise its operation.
- Follow all local regulations regarding the handling and use of reloading equipment and materials.
- Be aware of the potential hazards associated with reloading, including the handling of gunpowder and ammunition.

Instructions for Installation and Usage

1. **Preparation:** Ensure that your reloading die is clean and free from debris.
2. **Installation:**
 - Remove the existing bushing from the reloading die if applicable.
 - Carefully insert the Neck Bushing into the die, ensuring it fits snugly and securely.
 - Tighten any retaining screws or mechanisms according to the manufacturer's specifications.
3. **Usage:**
 - Adjust the die to the desired settings for neck sizing.
 - Begin the sizing process according to the reloading procedure you are following.
 - Monitor the process closely to ensure proper operation and to detect any issues early.
4. **PostUse:**
 - Clean the bushing after each use to remove any debris or residue.
 - Inspect the bushing for any signs of wear or damage before storing.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations regarding metal recycling.
- If the bushing is damaged beyond use, ensure it is disposed of safely to prevent injury to others.

Contact Information for Further Support

For any inquiries regarding product safety or usage, please refer to the contact details provided on the product packaging or the manufacturer's website.

By adhering to these safety instructions, you can ensure a safe and effective experience with your Neck Bushing. Thank you for your attention to these important guidelines.
