

Neck Bushing ⌀12,7-8,74/.3441

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-8,74/.3441
- Manufacturer: TRIEBEL
- Product no.: EU2017742
- Mfr. No.: 3000240V-08.74
- Diameter mm: 12,7 / 8,74
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-08.74

Safety Instruction Guide for Neck Bushing

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety instructions and guidelines to ensure the safe use of the product. Please read this guide carefully before using the Neck Bushing to familiarize yourself with safety precautions and proper handling.

General Safety Guidelines

- Ensure that you are using the Neck Bushing in accordance with all applicable safety regulations.
- Always inspect the Neck Bushing for any signs of damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- Report any unsafe conditions or incidents involving the Neck Bushing to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling or using the Neck Bushing.
- Ensure that the area where you are using the Neck Bushing is clean and free from any obstructions.
- Do not exceed the recommended specifications for the Neck Bushing, including diameter and sizing limits.
- Avoid using the Neck Bushing on damaged or improperly sized cases, as this may lead to accidents or ineffective reloading.
- Follow all manufacturer instructions for use to ensure safe operation.

Instructions for Installation and Usage

1. Preparation:

- Make sure your workspace is welllit and organized.
- Gather all necessary tools and materials before starting.

2. Installation:

- Carefully insert the Neck Bushing into the reloading die according to the manufacturer's specifications.
- Ensure that the bushing is securely positioned and properly aligned.

3. Usage:

- Begin the neck sizing process by following the reloading die instructions.
- Maintain a steady and controlled pace while operating the equipment.
- Monitor the Neck Bushing during use for any signs of overheating or unusual wear.

4. PostUse:

- After use, clean the Neck Bushing with a suitable cleaning agent to remove any debris or residue.
- Store the Neck Bushing in a safe and dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations for metal products.

- Do not dispose of the Neck Bushing in regular household waste.
- If the Neck Bushing is damaged or no longer usable, consider recycling options available in your area.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please consult the appropriate channels for product support. Ensure you have the product details at hand for efficient assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with the Neck Bushing. Thank you for your attention to safety.
