

Neck Bushing ⌀12,7-8,80/.3465

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-8,80/.3465
- Manufacturer: TRIEBEL
- Product no.: EU2017744
- Mfr. No.: 3000240V-08.80
- Diameter mm: 12,7 / 8,80
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-08.80

Safety Instruction Guide for Neck Bushing

Introduction

Thank you for choosing the Neck Bushing. This product is designed for precise neck sizing and is made from highquality hardened steel. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose of neck sizing in reloading processes.
- Always use the Neck Bushing in accordance with the instructions provided by the manufacturer.
- Keep the product out of reach of children and vulnerable individuals. It is not a toy and should be handled with care.
- Regularly inspect the Neck Bushing for any signs of wear or damage before each use.
- Report any unsafe conditions or incidents related to the use of this product to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the Neck Bushing.
- Ensure that the work area is clean and free from any obstructions or hazards before starting your reloading process.
- Do not exceed the recommended specifications for the Neck Bushing. Refer to the manufacturer's guidelines for proper usage.
- Avoid using the Neck Bushing if you are tired or under the influence of substances that may impair your judgment.
- Be cautious of sharp edges on the Neck Bushing during handling and installation.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment for the reloading process.
- Ensure that your reloading press is compatible with the Neck Bushing.

2. Installation:

- Carefully remove the Neck Bushing from its packaging.
- Install the Neck Bushing into the reloading die, ensuring a secure fit.
- Tighten any locking mechanisms as per the manufacturer's instructions to prevent movement during use.

3. Usage:

- Follow the specific reloading procedures as outlined in your reloading die manual.
- Insert the cartridge case into the reloading press and ensure it is properly aligned with the Neck Bushing.
- Apply consistent pressure to resize the neck of the cartridge case.
- After resizing, remove the cartridge case and inspect it for proper sizing.

4. PostUse:

- Clean the Neck Bushing after each use to remove any debris or residue.

- Store the Neck Bushing in a safe and dry location, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations regarding metal waste.
- Do not dispose of the Neck Bushing in regular household waste.
- If the product is damaged or no longer usable, consider recycling it if facilities are available in your area.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety instructions. Your safety is our priority, and following these guidelines will help ensure a safe and effective reloading experience.
