

Neck Bushing ⌀12,7-8,84/.3480

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-8,84/.3480
- Manufacturer: TRIEBEL
- Product no.: EU2017748
- Mfr. No.: 3000240V-08.84
- Diameter mm: 12,7 / 8,84
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-08.84

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing, a highquality tool designed for precise neck sizing in reloading applications. This guide provides essential safety instructions to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR). Please read the following information carefully before using the product.

General Safety Guidelines

- Ensure that the Neck Bushing is used in accordance with the manufacturer's instructions.
- Always inspect the Neck Bushing for any signs of damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Use the Neck Bushing only for its intended purpose as specified by the manufacturer.
- If you experience any issues with the product, stop using it immediately and seek assistance.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling or using the Neck Bushing.
- Ensure that the work area is clean and free from any obstructions to avoid accidents during operation.
- Avoid using excessive force when resizing necks to prevent damaging the tool or causing injury.
- Do not modify the Neck Bushing in any way, as this may compromise its safety and performance.
- Be cautious of sharp edges and points on the tool to prevent cuts and injuries.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials required for the reloading process.
- Ensure that the reloading press is properly set up and securely mounted.

2. Installation:

- Insert the Neck Bushing into the designated die according to the manufacturer's instructions.
- Ensure that the bushing is seated correctly and securely in place.

3. Usage:

- Adjust the reloading press to the desired sizing setting.
- Insert the cartridge case into the die and apply a smooth, even pressure to resize the neck.
- Avoid forcing the case through the bushing; if resistance is encountered, check for alignment and debris.

4. PostUse Care:

- After use, clean the Neck Bushing with a soft cloth to remove any debris or residue.
- Store the Neck Bushing in a safe and dry location, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations regarding metal and tool disposal.
- Do not dispose of the product in regular household waste. Instead, consider recycling options where

available.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact details provided with your purchase. Always keep the product's packaging and documentation for reference.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Neck Bushing. Thank you for your attention to safety, and enjoy using your new tool responsibly!
