

Neck Bushing ⌀12,7-8,93/.3516

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-8,93/.3516
- Manufacturer: TRIEBEL
- Product no.: EU2017753
- Mfr. No.: 3000240V-08.93
- Diameter mm: 12,7 / 8,93
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-08.93

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing, designed for precise neck sizing in reloading applications. This guide provides essential safety instructions to ensure the safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is suitable for your specific reloading needs.
- Always read and understand the instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or defects before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling the Neck Bushing.
- Never exceed the manufacturer's recommended specifications for use.
- Use the Neck Bushing only with compatible reloading dies.
- Do not modify or attempt to repair the Neck Bushing yourself.
- Ensure that the work area is clean, dry, and free of distractions during use.
- Avoid using the product if you are tired or under the influence of substances that may impair your judgment.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials before starting.
- Ensure that your reloading press is clean and in good working condition.

2. Installation

- Carefully remove the Neck Bushing from its packaging.
- Inspect the Neck Bushing for any signs of damage or defects.
- Insert the Neck Bushing into the appropriate reloading die, ensuring a snug fit.
- Secure the die in your reloading press according to the manufacturer's instructions.

3. Usage

- Adjust the reloading press settings as required for your specific reloading application.
- Follow the reloading die manufacturer's guidelines for operation.
- Monitor the process closely to ensure consistent results and safety.
- If any unusual noises or resistance are encountered, stop immediately and inspect the equipment.

4. PostUse Care

- After use, remove the Neck Bushing from the reloading die.
- Clean the Neck Bushing with a soft cloth to remove any debris or residue.
- Store the Neck Bushing in a safe, dry place away from children and pets.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations.
- Do not dispose of the product in household waste if it contains hazardous materials.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please refer to the manufacturer's contact information provided on the product packaging or visit the manufacturer's website for more details.

Thank you for your attention to these safety guidelines. Proper use and care of the Neck Bushing will ensure a safe and efficient reloading experience.
