

Neck Bushing ⌀12,7-8,95/.3524

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀12,7-8,95/.3524
- Manufacturer: TRIEBEL
- Product no.: EU2017754
- Mfr. No.: 3000240V-08.95
- Diameter mm: 12,7 / 8,95
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000240V-08.95

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety instructions to ensure the safe use and handling of the product. Please read this guide carefully before using the product to avoid any risks and ensure optimal performance.

General Safety Guidelines

- Ensure that the Neck Bushing is used for its intended purpose only, which is for neck sizing in reloading processes.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling and using the Neck Bushing.
- Keep the Neck Bushing out of reach of children and vulnerable individuals to prevent accidental injury.
- Regularly inspect the Neck Bushing for any signs of damage or wear. If any defects are found, discontinue use immediately.
- Store the Neck Bushing in a safe, dry place when not in use to prevent damage and ensure longevity.

Specific Safety Precautions for Use

- Use the Neck Bushing only with compatible reloading dies from Triebel Waffenwerkzeuge to ensure proper fit and function.
- Do not exceed the recommended sizing specifications to avoid damaging the bushing or the reloading equipment.
- Ensure that the bushing is securely installed in the reloading die before use to prevent it from dislodging during operation.
- Avoid using excessive force when resizing cases to prevent injury and damage to the bushing.
- Be aware of the potential hazards associated with reloading, including the handling of primers and gunpowder. Follow all safety protocols for reloading.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading die is clean and free from debris.
- Carefully insert the Neck Bushing into the reloading die until it is fully seated.
- Tighten the die according to manufacturer specifications to secure the bushing in place.

2. Usage:

- Place the case to be resized into the reloading press.
- Engage the press slowly and steadily, applying consistent pressure to resize the case.
- Inspect the resized case for conformance to specifications before proceeding with further reloading steps.
- After use, clean the Neck Bushing to remove any residue and ensure optimal performance for future use.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations for metal products.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.
- Ensure that the bushing is not accessible to children or pets during the disposal process.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the manufacturer's contact information provided on the product packaging or the official website.
