

Neck Bushing ⌀15-9,12/.3591

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-9,12/.3591
- Manufacturer: TRIEBEL
- Product no.: EU2017763
- Mfr. No.: 3000241V-09.12
- Diameter mm: 15 / 9,12
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-09.12

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety instructions to ensure the safe and effective use of this product. It is important to follow these guidelines to minimize risks and maximize your experience.

General Safety Guidelines

- Always read and understand the instructions before using the Neck Bushing.
- Ensure that the product is used only for its intended purpose, which is neck sizing in reloading applications.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the bushing for any signs of damage or wear before each use.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, while handling the neck bushing.
- Ensure that your workspace is clean and free from clutter to prevent accidents.
- Avoid using excessive force when inserting or removing the neck bushing from the reloading die.
- Do not attempt to modify the neck bushing in any way; alterations may compromise safety and performance.
- If you experience any difficulty during use, stop immediately and consult the manufacturer or a qualified professional.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading die is clean and free from debris.
- Carefully insert the neck bushing into the die, ensuring it is seated properly.
- Secure the die according to the manufacturer's instructions.

2. Usage:

- Adjust the die to the desired depth for neck sizing.
- Place the cartridge case into the die and apply consistent pressure.
- After sizing, carefully remove the cartridge case from the die.
- Inspect the sized case for any irregularities or damage.

3. PostUsage:

- Clean the neck bushing after each use to maintain its precision and performance.
- Store the neck bushing in a dry and safe location, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the neck bushing responsibly when it reaches the end of its life cycle.
- Do not dispose of the product in household waste. Instead, follow local regulations for the disposal of metal products.
- Consider recycling the neck bushing if possible, as it is made from highquality hardened steel.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Neck Bushing, please contact the manufacturer or refer to the product packaging for further information.

Thank you for prioritizing safety while using the Neck Bushing. Your adherence to these guidelines helps ensure a safe and effective reloading experience.
