

Neck Bushing ⌀15-9,14/.3598

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-9,14/.3598
- Manufacturer: TRIEBEL
- Product no.: EU2017765
- Mfr. No.: 3000241V-09.14
- Diameter mm: 15 / 9,14
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-09.14

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides important safety information and instructions for the proper use of the product. Please read this guide carefully to ensure safe and effective operation.

General Safety Guidelines

- **Product Safety:** The Neck Bushing is designed for safe use in neck sizing applications. Always follow the guidelines provided in this manual to minimize risks.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. In the event of a recall, follow the instructions provided for returning or replacing the product.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety requirements. Verify that the product has been tested and meets EU safety standards.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors to prevent accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the contact details provided by your retailer or manufacturer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

- **Personal Protective Equipment:** Always wear appropriate personal protective equipment (PPE) such as safety goggles and gloves when using the Neck Bushing.
- **Inspect Before Use:** Check the Neck Bushing for any signs of damage or wear before each use. Do not use a damaged bushing.
- **Proper Handling:** Handle the Neck Bushing with care. Avoid dropping or striking it against hard surfaces, which may cause damage or affect performance.
- **Avoid Overloading:** Do not exceed the recommended specifications for neck sizing. Overloading can lead to product failure and potential injury.
- **Work Area Safety:** Ensure your work area is clean, welllit, and free from obstructions. This will help prevent accidents during use.

Instructions for Installation and Usage

1. **Preparation:** Gather all necessary tools and materials before starting. Ensure that your reloading setup is stable and secure.
2. **Installation:**
 - Remove any existing bushing from your reloading die.
 - Insert the Neck Bushing into the die, ensuring it is seated properly.
 - Tighten the die according to the manufacturer's specifications to secure the bushing in place.
3. **Usage:**
 - Follow the reloading die instructions for neck sizing.
 - Monitor the process closely to ensure consistent results.
 - If you encounter any resistance or difficulty, stop immediately and check for issues before proceeding.
4. **PostUse Care:**
 - Clean the Neck Bushing after each use to remove any debris or residue.
 - Store the bushing in a safe location, preferably in a protective case, to prevent damage.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the Neck Bushing in accordance with local regulations. Do not dispose of it in household waste.
- **Recycling:** If possible, recycle the product or its components to minimize environmental impact.

Contact Information for Further Support

For further assistance or inquiries regarding safety and usage of the Neck Bushing, please refer to the contact details provided by your retailer or manufacturer.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure safe and effective use of your Neck Bushing.
