

Neck Bushing ⌀15-9,20/.3622

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-9,20/.3622
- Manufacturer: TRIEBEL
- Product no.: EU2017769
- Mfr. No.: 3000241V-09.20
- Diameter mm: 15 / 9,20
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-09.20

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide thoroughly before use.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose: precise neck sizing for reloading.
- Always inspect the bushing for any signs of damage or wear before use.
- Keep the bushing out of reach of children and vulnerable individuals.
- Follow all instructions carefully to avoid potential hazards.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the bushing.
- Avoid using excessive force during operation to prevent injury or damage to the bushing.
- Ensure that the bushing is securely attached to the reloading die before use.
- Do not exceed the specified dimensions or capacities of the bushing.
- If you experience any unusual sounds or resistance during operation, stop immediately and inspect the bushing.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your work area is clean and free of clutter.
- Gather all necessary tools and materials before starting.

2. Installation:

- Carefully remove the Neck Bushing from its packaging.
- Inspect the bushing for any visible defects or damage.
- Insert the bushing into the reloading die, ensuring it is seated properly.
- Tighten the die according to the manufacturer's instructions, ensuring a secure fit.

3. Usage:

- Place the cartridge case into the die with the bushing.
- Operate the reloading press smoothly and steadily.
- Check the dimensions of the neck after sizing to ensure compliance with specifications.
- Clean the bushing after each use to maintain performance and prolong its lifespan.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations.
- Do not dispose of the bushing in regular household waste.
- Consider recycling options available in your area.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please contact the manufacturer or a qualified professional. Ensure that you have the product information ready for a more efficient response.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities.
