

Neck Bushing ⌀15-9,31/.3665

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-9,31/.3665
- Manufacturer: TRIEBEL
- Product no.: EU2017777
- Mfr. No.: 3000241V-09.31
- Diameter mm: 15 / 9,31
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-09.31

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this manual carefully before use to avoid any potential hazards.

General Safety Guidelines

- Ensure that the Neck Bushing is used in accordance with the manufacturer's recommendations.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the Neck Bushing for any damage before use. Do not use if damaged.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling and using the Neck Bushing.
- Do not modify the Neck Bushing in any way, as this may compromise its safety and effectiveness.
- Only use the Neck Bushing with compatible reloading dies to ensure proper function and safety.

Specific Safety Precautions for Use

- Always ensure the workspace is clean and free from distractions before using the Neck Bushing.
- Follow all manufacturer instructions for the specific reloading die you are using with the Neck Bushing.
- Do not exceed the recommended pressure limits when sizing cases.
- Avoid wearing loose clothing or accessories that could get caught in machinery.
- If you experience any discomfort or unusual sensations while using the Neck Bushing, stop immediately and seek assistance.
- Store the Neck Bushing in a safe, dry place when not in use to prevent damage and ensure longevity.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment, including the reloading die, a press, and the Neck Bushing.
- Ensure that your workspace is organized and free of clutter.

2. Installation:

- Insert the Neck Bushing into the reloading die according to the manufacturer's instructions.
- Ensure that the Neck Bushing is securely in place and properly aligned.

3. Usage:

- Place the case you wish to size into the reloading press.
- Engage the press slowly and steadily to size the case using the Neck Bushing.
- Monitor the process closely to ensure that everything is functioning correctly.
- Once sizing is complete, carefully remove the case from the press.

4. PostUsage:

- Clean the Neck Bushing after each use to remove any debris or residue.
- Inspect the Neck Bushing for any signs of wear or damage before storing.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations regarding metal products.
- Do not dispose of the Neck Bushing in regular household waste.
- If the product is damaged beyond repair, consider recycling the metal components where possible.

Contact Information for Further Support

For any inquiries related to safety or product information, please refer to the manufacturer's contact details provided with your purchase.

Remember, safety is paramount when using any reloading equipment. By following these guidelines, you can ensure a safe and effective experience with your Neck Bushing. Thank you for your attention to these important safety instructions.
