

Neck Bushing ⌀15-9,60/.3780

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-9,60/.3780
- Manufacturer: TRIEBEL
- Product no.: EU2017785
- Mfr. No.: 3000241V-09.60
- Diameter mm: 15 / 9,60
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-09.60

Neck Bushing Safety Instruction Guide

Introduction

Thank you for purchasing the Neck Bushing. This product is designed for precise neck sizing and is made from highquality hardened steel. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Use the Neck Bushing only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the Neck Bushing for any signs of damage or wear before use.
- If the product is damaged, do not use it and contact a professional for advice.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that your work area is clean, dry, and welllit when using the Neck Bushing.
- Wear appropriate personal protective equipment, such as safety goggles and gloves, to protect yourself from metal shavings and other debris.
- Do not exceed the recommended dimensions when using the Neck Bushing, as this may lead to product failure or accidents.
- Avoid using excessive force during operation to prevent injury or damage to the product.
- Ensure that all equipment used in conjunction with the Neck Bushing is properly maintained and in good working condition.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the workspace is clean and organized.

2. Installation:

- Securely attach the Neck Bushing to the reloading die according to the manufacturer's instructions.
- Ensure that the bushing is properly aligned to maintain concentricity.

3. Usage:

- Insert the case into the reloading die with the attached Neck Bushing.
- Apply steady, even pressure to resize the neck of the case.
- Do not rush the process; take your time to ensure accuracy and safety.
- After resizing, carefully remove the case from the die.

4. PostUsage:

- Clean the Neck Bushing after each use to remove any debris or residue.
- Store the Neck Bushing in a safe, dry place away from children.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations.
- If the product is no longer usable, consider recycling it if possible.
- Do not dispose of the product in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please refer to the manufacturer's contact information provided with the product. It is important to reach out for assistance if you experience any issues or have safety inquiries.

By following these safety instructions, you can ensure a safe and effective experience with your Neck Bushing. Always prioritize safety and stay informed about best practices for using your reloading tools. Thank you for your attention to these important safety guidelines.
