

Neck Bushing ⌀15-9,83/.3870

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-9,83/.3870
- Manufacturer: TRIEBEL
- Product no.: EU2017791
- Mfr. No.: 3000241V-09.83
- Diameter mm: 15 / 9,83
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-09.83

Neck Bushing Safety Instruction Guide

Introduction

Thank you for purchasing the Neck Bushing. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read and understand these guidelines before using the Neck Bushing.

General Safety Guidelines

- Ensure the Neck Bushing is compatible with your reloading dies.
- Inspect the bushing for any visible damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all instructions carefully to avoid accidents or injuries.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the Neck Bushing.
- Use the bushing only for its intended purpose of neck sizing.
- Do not exceed the recommended specifications for reloading dies.
- Ensure that the bushing is securely attached before operation.
- Avoid using excessive force during the sizing process to prevent damage to the bushing or the reloading die.
- If you experience any unusual behavior or performance issues, stop using the product immediately and seek assistance.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is clean and free of debris.
- Carefully insert the Neck Bushing into the appropriate die.
- Tighten the die securely to prevent movement during use.
- Check that the bushing is correctly positioned and aligned.

2. Usage:

- Prepare your brass cases according to standard reloading procedures.
- Insert the brass case into the die with the Neck Bushing attached.
- Apply even pressure to the press handle to size the neck of the case.
- Inspect the sized case for proper dimensions and concentricity.
- Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of the Neck Bushing responsibly in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options for metal components if applicable.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please refer to the manufacturer or retailer from

whom you purchased the product. They can provide additional support and information.

By following these safety instructions, you can ensure a safe and effective experience with your Neck Bushing.
Thank you for your attention to safety.
