

Neck Bushing ⌀15-10,00/.3937

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-10,00/.3937
- Manufacturer: TRIEBEL
- Product no.: EU2017795
- Mfr. No.: 3000241V-10.00
- Diameter mm: 15 / 10,00
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-10.00

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing, a highquality product designed for precise neck sizing in reloading applications. This guide provides essential safety instructions and information to ensure the safe and effective use of the Neck Bushing while complying with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure the bushing is compatible with your reloading equipment.
- Use the bushing only for its intended purpose: neck sizing.
- Keep the bushing out of reach of children and vulnerable individuals.
- Inspect the bushing for damage before each use. Do not use if damaged.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while handling and using the bushing.
- Avoid direct contact with sharp edges or points on the bushing.
- Ensure that the bushing is securely attached to the reloading die before use.
- Do not exceed the recommended sizing limits as specified by the manufacturer.
- Always work in a wellventilated area to avoid inhalation of any dust or debris generated during the reloading process.
- Do not modify the bushing or use it in a manner not intended by the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading die is clean and free from debris.
- Carefully insert the Neck Bushing into the reloading die until it is fully seated.
- Tighten the die according to the manufacturer's specifications to secure the bushing in place.

2. Usage:

- Prepare your brass cases for neck sizing by ensuring they are clean and dry.
- Insert the brass case into the reloading press and align it with the bushing.
- Apply steady pressure to the reloading press handle to size the neck of the brass case.
- After sizing, remove the brass case and inspect it for proper sizing.
- Repeat the process as necessary for additional cases.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations for metal waste.
- Do not dispose of the bushing in regular household waste.
- If the bushing is damaged or no longer usable, consider recycling options where available.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Neck Bushing, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure the safe and effective use of the Neck Bushing while adhering to the EU General Product Safety Regulation. Thank you for your attention to these important guidelines.
