

Neck Bushing ⌀15-10,83/.4264

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-10,83/.4264
- Manufacturer: TRIEBEL
- Product no.: EU2017810
- Mfr. No.: 3000241V-10.83
- Diameter mm: 15 / 10,83
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-10.83

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This product is designed for precise neck sizing in reloading applications. It is made from highquality hardened steel and manufactured to ensure maximum dimensional accuracy. This safety instruction guide provides essential information on how to use the Neck Bushing safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose of neck sizing.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the Neck Bushing for any signs of wear or damage before use.
- Always follow the manufacturer's instructions when using this product.
- In case of any doubt or questions regarding the safety or operation of the product, seek professional advice.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling the Neck Bushing.
- Ensure that the work area is clean and free from any obstructions that may pose a hazard during use.
- Do not exceed the recommended diameter specifications when using the Neck Bushing.
- Avoid using excessive force during the sizing process to prevent damage to the bushing or the reloading die.
- If the Neck Bushing becomes stuck or difficult to remove, do not force it. Instead, carefully follow the manufacturer's guidance for safe removal.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials required for reloading.
- Ensure that your reloading press is compatible with the Neck Bushing.

2. Installation:

- Insert the Neck Bushing into the reloading die according to the manufacturer's instructions.
- Ensure that the bushing is seated correctly and securely before proceeding.

3. Usage:

- Place the cartridge case into the reloading press.
- Operate the press smoothly and steadily, applying even pressure to achieve precise neck sizing.
- Monitor the process closely to ensure that the bushing is functioning correctly.

4. PostUsage:

- After use, carefully clean the Neck Bushing to remove any debris or residue.
- Store the Neck Bushing in a safe, dry place, away from children and pets.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations regarding metal recycling and waste disposal.
- Do not dispose of the product in general household waste.
- If the product is damaged and cannot be reused, consider recycling it to minimize environmental impact.

Contact Information for Further Support

For any inquiries or additional support regarding the Neck Bushing, please refer to the manufacturer's contact details provided with the product packaging. Ensure that you have the product information and any relevant details ready for a more efficient response.

Conclusion

By following the safety guidelines and instructions outlined in this guide, you can ensure a safe and effective experience when using the Neck Bushing. Always prioritize safety and seek assistance if you encounter any issues during use. Thank you for your attention to these important safety measures.
