

Neck Bushing ⌀15-10,85/.4272

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-10,85/.4272
- Manufacturer: TRIEBEL
- Product no.: EU2017811
- Mfr. No.: 3000241V-10.85
- Diameter mm: 15 / 10,85
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-10.85

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides important safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the Neck Bushing.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose of neck sizing in reloading processes.
- Always handle the bushing with care to avoid injury. The edges may be sharp, and the material is made of hardened steel.
- Keep the bushing out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the bushing for any signs of wear or damage before use. Do not use if damaged.
- When using online platforms for purchasing, ensure that they comply with safety requirements as set by the EU General Product Safety Regulation (GPSR).

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the Neck Bushing.
- Ensure that your reloading setup is stable and secure to prevent accidents during operation.
- Do not exceed the recommended specifications for the Neck Bushing, including diameter and sizing limits.
- Avoid using the bushing in wet or damp conditions to prevent slips and potential hazards.
- If you experience any issues during use, stop immediately and consult a professional for advice.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading die is clean and free from debris.
- Carefully insert the Neck Bushing into the reloading die, ensuring it fits snugly.
- Tighten the die according to the manufacturer's specifications to secure the bushing in place.

2. Usage:

- Prepare your brass cases according to standard reloading practices.
- Insert the brass case into the reloading die with the Neck Bushing installed.
- Apply smooth, even pressure to resize the neck of the brass case.
- After resizing, remove the case carefully to avoid damaging the neck.
- Clean the bushing after use to maintain its precision and longevity.

Disposal Instructions

- Dispose of the Neck Bushing responsibly. If it is damaged or no longer usable, follow local regulations for disposal of metal products.
- Do not dispose of the bushing in regular household waste. Check for local recycling options or metal scrap facilities.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Neck Bushing, please reach out to your retailer or manufacturer. Ensure you have the product details on hand for assistance.

Thank you for following these guidelines to ensure your safety and the effective use of the Neck Bushing.
