

Neck Bushing ⌀15-11,00/.4331

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-11,00/.4331
- Manufacturer: TRIEBEL
- Product no.: EU2017819
- Mfr. No.: 3000241V-11.00
- Diameter mm: 15 / 11,00
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-11.00

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety instructions and usage information to ensure safe handling and operation of the product. Please read this document carefully before using the Neck Bushing.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose of neck sizing.
- Always inspect the product before use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when using the Neck Bushing to protect against potential hazards.
- Report any unsafe conditions, accidents, or product failures to the relevant authorities.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended specifications for the Neck Bushing.
- Ensure that the bushing is properly secured in the reloading die before use.
- Avoid using excessive force when sizing to prevent damage to the bushing or the reloading die.
- Always follow the reloading die manufacturer's instructions in conjunction with the Neck Bushing.
- If you experience any unusual resistance or difficulty during use, stop immediately and inspect the bushing and die for any issues.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials for neck sizing.
- Ensure your workspace is clean and free of distractions.

2. Installation:

- Carefully remove the Neck Bushing from its packaging.
- Inspect the bushing for any visible defects or damage.
- Insert the Neck Bushing into the reloading die according to the manufacturer's instructions.
- Secure the bushing in place to ensure it does not move during operation.

3. Usage:

- Prepare the brass cases to be sized according to your reloading process.
- Follow the specific reloading steps outlined in your die's manual.
- Slowly and steadily size the neck of the brass case, applying even pressure.
- After sizing, inspect the case to ensure proper dimensions and quality.

4. PostUse:

- Clean the Neck Bushing after use to remove any debris or residue.
- Store the bushing in a safe, dry place to prevent rust or damage.

Disposal Instructions

- When the Neck Bushing reaches the end of its usable life, dispose of it responsibly.
- Check local regulations for proper disposal methods of metal products.
- Do not dispose of the bushing in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product issues, please contact the manufacturer's customer service or consult the product's official website. Ensure that you have the product details at hand for a more efficient response.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your Neck Bushing for precise neck sizing!
