

Neck Bushing ⌀15-11,10/.4370

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-11,10/.4370
- Manufacturer: TRIEBEL
- Product no.: EU2017822
- Mfr. No.: 3000241V-11.10
- Diameter mm: 15 / 11,10
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-11.10

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this manual carefully before using the Neck Bushing to familiarize yourself with important safety information and usage guidelines.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose, which is precise neck sizing in reloading processes.
- Always inspect the Neck Bushing for any signs of damage or wear before use. Do not use if damaged.
- Keep the Neck Bushing out of reach of children and vulnerable individuals.
- Use the Neck Bushing in a wellventilated area to avoid inhalation of any particles generated during the reloading process.
- Follow all relevant safety regulations and guidelines when handling reloading equipment.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the Neck Bushing to protect against potential injuries.
- Ensure that the Neck Bushing is compatible with your reloading dies, specifically those from Triebel Waffenwerkzeuge, to avoid malfunctions.
- Do not modify or alter the Neck Bushing in any way, as this may compromise its safety and effectiveness.
- Avoid overtightening the Neck Bushing when installing it on the reloading die, as excessive force may damage the product or the die.
- Always follow the manufacturer's instructions for the reloading process to ensure safe operation.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading die is clean and free of debris.
- Carefully screw the Neck Bushing into the reloading die until it is securely in place. Do not overtighten.
- Doublecheck that the Neck Bushing is properly aligned with the die.

2. Usage:

- Prepare your brass cases according to the reloading guidelines.
- Insert the brass case into the reloading die with the Neck Bushing installed.
- Operate the reloading press according to the manufacturer's instructions.
- After use, carefully remove the brass case and inspect it for any signs of damage.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations for metal waste.
- Do not dispose of the Neck Bushing in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the Neck Bushing, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience when using the Neck Bushing. If you have any questions or concerns, please do not hesitate to seek further information from reliable sources. Your safety is our priority.
