

Neck Bushing ⌀15-11,20/.4409

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-11,20/.4409
- Manufacturer: TRIEBEL
- Product no.: EU2017824
- Mfr. No.: 3000241V-11.20
- Diameter mm: 15 / 11,20
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-11.20

Safety Instruction Guide for Neck Bushing

Introduction

Thank you for choosing the Neck Bushing. This product is designed for precise neck sizing in reloading applications. It is made from highquality hardened steel, ensuring durability and accuracy. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the Neck Bushing is used only for its intended purpose of neck sizing.
- Always handle the Neck Bushing with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the Neck Bushing for any signs of wear or damage before use.
- If you notice any defects or irregularities, do not use the product and contact the manufacturer for guidance.
- Familiarize yourself with the safety features of your reloading equipment before using the Neck Bushing.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling or using the Neck Bushing.
- Ensure that your work area is clean and free from obstructions to prevent accidents.
- Do not exceed the recommended specifications for your reloading equipment when using the Neck Bushing.
- Avoid using the Neck Bushing in wet or damp conditions to prevent rust and corrosion.
- Do not modify the Neck Bushing in any way, as this can compromise its safety and effectiveness.
- Be cautious when inserting or removing the Neck Bushing from your reloading die to avoid pinching or injury.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading die is clean and free from debris.
- Carefully insert the Neck Bushing into the reloading die, ensuring it is seated properly.
- Tighten the die according to the manufacturer's instructions to secure the Neck Bushing in place.

2. Usage

- Adjust your reloading equipment settings according to the specifications for the Neck Bushing.
- Begin the neck sizing process, ensuring that the bushing is functioning correctly.
- Monitor the process closely for any signs of malfunction or irregular behavior.
- After use, carefully remove the Neck Bushing and clean it to prevent residue buildup.

Disposal Instructions

- Dispose of the Neck Bushing in accordance with local regulations for metal products.
- Do not throw the product in regular household waste.
- If the Neck Bushing is damaged or no longer usable, consider recycling it at a designated metal recycling facility.

Contact Information for Further Support

For any questions or concerns regarding the Neck Bushing, please refer to the manufacturer's contact details provided on the packaging or product documentation.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Neck Bushing. Always prioritize safety and stay informed about any product recalls or updates through official channels. Thank you for your attention to these guidelines.
