

Neck Bushing ⌀15-11,25/.4429

Neck sizing bushing made from high-quality hardened steel, precision-ground internally and externally in a single setup on CNC machines – ensuring perfect concentricity and maximum dimensional accuracy. Designed for precise neck sizing. Suitable for original reloading dies from Triebel Waffenwerkzeuge.

Attributes

- Name: Neck Bushing ⌀15-11,25/.4429
- Manufacturer: TRIEBEL
- Product no.: EU2017825
- Mfr. No.: 3000241V-11.25
- Diameter mm: 15 / 11,25
- Delivery weight: 0.02kg
- Shipping height: 25mm
- Shipping width: 60mm
- Shipping length: 50mm
- EAN/UPC: 3000241V-11.25

Neck Bushing Safety Instruction Guide

Introduction

Thank you for choosing the Neck Bushing 1511.25/.4429. This product is designed for precise neck sizing in reloading applications. To ensure safe and effective use, please read this safety instruction guide carefully. It provides essential information on safe practices, installation, usage, and disposal.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Regularly inspect the neck bushing for any signs of wear or damage before use.
- Always follow the manufacturer's instructions when using reloading equipment.
- Keep the neck bushing out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Before using the neck bushing, ensure that it is compatible with your reloading dies.
- Wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Avoid using excessive force when inserting or removing the neck bushing from the die.
- Do not modify or alter the neck bushing in any way, as this may compromise its safety and functionality.
- Ensure that the work area is clean and free from clutter to prevent accidents during use.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including your reloading die, shell holder, and the neck bushing.
- Ensure your workspace is welllit and organized.

2. Installation:

- Carefully insert the neck bushing into the reloading die. Ensure it is seated correctly.
- Tighten the die according to the manufacturer's specifications to secure the neck bushing in place.

3. Usage:

- Place the cartridge case into the shell holder and insert it into the reloading press.
- Operate the press smoothly, applying consistent pressure to resize the neck of the cartridge case.
- After resizing, carefully remove the cartridge case from the shell holder.

4. PostUsage Care:

- Clean the neck bushing after each use to prevent buildup of residue.
- Store the neck bushing in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the neck bushing responsibly at the end of its life cycle.
- Do not throw the neck bushing in regular household waste.
- Check local regulations for proper disposal methods, especially if the product is damaged.
