

Powder Funnel for Dillon Powder Measure - Powder Funnel for Dillon Powder Measure (.357 Mag / .38 Special)

This is an essential component when using any bullet feeder system with your Dillon powder measure. It expands and preps the brass correctly so that the bullet sits perfectly and won't tip over as the shellplate indexes. The tip of the funnel features a slightly oversized ring for smoother operation and reduced case wobble. It provides just the right amount of expansion without over-flaring or putting unnecessary stress on your brass.

Attributes

- Name: Powder Funnel for Dillon Powder Measure (.357 Mag / .38 Special)
- Manufacturer: ARMANOV
- Product no.: EU2018341

Safety Instruction Guide for Powder Funnel for Dillon Powder Measure

Introduction

Thank you for choosing the Powder Funnel for Dillon Powder Measure. This product is designed to enhance the performance of your bullet feeder system, ensuring that your reloading process is efficient and safe. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

General Safety Guidelines

- Always use the Powder Funnel according to the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the Powder Funnel for any signs of damage or wear before each use.
- Do not use the Powder Funnel with incompatible equipment or materials.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the Powder Funnel is securely attached to the Dillon powder measure before use.
- Avoid overflaring or excessive expansion of the brass, as this can lead to malfunctions or accidents.
- Do not force the funnel into place; if it does not fit easily, check for obstructions or misalignment.
- Use appropriate personal protective equipment (PPE) such as safety glasses when reloading.
- Be cautious when handling brass and bullets to prevent injury from sharp edges.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Dillon powder measure is turned off and unplugged if applicable.
- Align the Powder Funnel with the opening of the powder measure.
- Gently press the funnel into place until it is securely fitted.
- Check for any gaps or misalignments before proceeding.

2. Usage:

- Prepare your brass by ensuring it is clean and free from debris.
- Pour the desired amount of powder into the powder measure.
- Place the brass casing under the funnel, ensuring that it is centered.
- Activate the powder measure to dispense the powder into the brass casing.
- After dispensing, carefully remove the brass casing from under the funnel.

3. PostUse:

- Clean the Powder Funnel after each use to prevent powder residue buildup.
- Store the Powder Funnel in a dry, safe place away from children and pets.

Disposal Instructions

- Dispose of the Powder Funnel in accordance with local regulations.
- If the product is damaged or no longer usable, ensure it is disposed of safely to prevent environmental harm.

- Recycle any applicable materials as per local recycling guidelines.

Contact Information for Further Support

For any inquiries or concerns regarding the Powder Funnel for Dillon Powder Measure, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website. Always ensure to have your purchase details ready for any support requests.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your Powder Funnel for Dillon Powder Measure!
