

Powder Funnel for Dillon Powder Measure - Powder Funnel for Dillon Powder Measure (.40 / 10mm)

This is an essential component when using any bullet feeder system with your Dillon powder measure. It expands and preps the brass correctly so that the bullet sits perfectly and won't tip over as the shellplate indexes. The tip of the funnel features a slightly oversized ring for smoother operation and reduced case wobble. It provides just the right amount of expansion without over-flaring or putting unnecessary stress on your brass.

Attributes

- Name: Powder Funnel for Dillon Powder Measure (.40 / 10mm)
- Manufacturer: ARMANOV
- Product no.: EU2018342
- Mfr. No.: DPF40
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm

Safety Instruction Guide for Powder Funnel for Dillon Powder Measure

Introduction

Thank you for choosing the Powder Funnel for Dillon Powder Measure (.40 / 10mm). This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the funnel to avoid any risks associated with its use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the funnel for any damage before use. Do not use if damaged.
- Keep the product out of reach of children.
- Store the funnel in a cool, dry place when not in use.
- Regularly check for updates on product recalls or safety alerts through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using the funnel.
- Avoid overflaring the brass to prevent stress and potential failure during reloading.
- Do not force the funnel into the brass; ensure it fits securely without excessive pressure.
- Do not attempt to modify or alter the funnel in any way.
- Be cautious when handling brass and bullets to prevent injury.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your Dillon powder measure is clean and in good working condition.
- Gather all necessary components, including the funnel and brass cases.

2. Installation:

- Align the funnel with the opening of the Dillon powder measure.
- Gently insert the funnel until it is securely in place. Ensure that it fits without wobbling.

3. Using the Funnel:

- Place the brass case under the funnel.
- Slowly pour the powder into the funnel, allowing it to expand the brass properly.
- Ensure that the bullet feeder system is functioning correctly before proceeding with reloading.

4. PostUse Care:

- After use, clean the funnel to remove any residue.
- Store the funnel in its designated place to prevent damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the funnel in regular household waste if it is damaged.
- Consider recycling options if applicable.

Contact Information for Further Support

For any safety inquiries or support regarding the Powder Funnel for Dillon Powder Measure, please contact the manufacturer or your local distributor.

Thank you for prioritizing safety while using the Powder Funnel for Dillon Powder Measure. Your careful attention to these guidelines helps ensure a safe and effective reloading experience.
