Hold Down Die & Swage Setter Safety Instruction Guide

Introduction

Thank you for choosing the Hold Down Die & Swage Setter (9mm / .38 Super). This tool is designed to make adjusting your swager and holddown die quick, simple, and precise. To ensure your safety and the optimal performance of this product, please read and adhere to the following safety instructions carefully.

General Safety Guidelines

- Ensure that the tool is used only for its intended purpose as described in this manual.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use for any signs of wear or damage. Do not use if damaged.
- Use personal protective equipment (PPE) such as safety glasses and gloves during operation.
- Follow all local regulations and guidelines when using this tool.

Specific Safety Precautions for Use

- Always work in a welllit area to ensure visibility while using the tool.
- Avoid wearing loose clothing or jewelry that could get caught in the tool during operation.
- Do not use excessive force when adjusting the die or swager. Adjustments should be made gently to avoid damage.
- Ensure that the shellplate station is securely attached before inserting the tool.
- Do not leave the tool unattended while it is in use.

Instructions for Installation and Usage

1. Installation:

- Insert the Hold Down Die & Swage Setter into the shellplate station where your swager or holddown die is installed.
- Ensure that the tool is firmly seated and aligned properly.

2. Usage:

- Utilize the precisionmachined opening of the tool to finetune the depth of the die or swager.
- Make small adjustments and check the setting frequently to achieve the desired depth.
- Once the perfect setting is achieved, securely fasten the die or swager in place.

3. PostUsage:

- After use, clean the tool to remove any debris or residue.
- Store the tool in a dry place, away from direct sunlight and extreme temperatures.

Disposal Instructions

- Dispose of the tool in accordance with local waste management regulations.
- If the tool is damaged beyond repair, ensure that it is rendered unusable before disposal to prevent accidental injuries.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Hold Down Die & Swage Setter, please contact your local distributor or check the manufacturer's website for further assistance.

By following these guidelines, you will ensure a safe and effective experience with your Hold Down Die & Swage Setter. Thank you for your attention to safety!
