ARMANOV LED Lighting Module Safety Instructions

Introduction

Thank you for choosing the ARMANOV LED Lighting Module for Dillon XL650/750, S1050/RL1100, and Hornady AP. This guide provides essential safety instructions to ensure the safe and effective use of your lighting module. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product information.
- Always follow the installation and usage instructions provided in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- If any part of the module is damaged, discontinue use immediately and seek assistance.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not expose the LED module to water or moisture to avoid electrical hazards.
- Avoid using the product in environments with flammable materials or gases.
- Ensure that the module is securely attached to the toolhead to prevent it from falling.
- Do not attempt to modify or repair the LED module yourself.
- Use only the recommended power source to avoid overheating or electrical failure.
- Always turn off the module when not in use to conserve energy and prevent overheating.

Instructions for Installation and Usage

Installation

1. For Dillon XL650 and Hornady AP Models:

- Position the module directly in the center of the toolhead.
- Ensure that it fits snugly and is properly aligned.

2. For Dillon S1050 Models:

- Use the provided clipon mount to attach the module.
- Adjust the direction of the illumination as needed for optimal visibility.

Usage

- Turn on the LED module using the designated switch or power source.
- Check that the light illuminates properly and that there are no flickering issues.
- Use the module to enhance visibility while working on your reloading tasks.
- If the light does not function as expected, check the connections and power supply.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste.
- Do not dispose of the module with regular household waste.

- Consider recycling options available in your area to ensure environmentally friendly disposal.

Contact Information for Further Support

For any inquiries or issues regarding the ARMANOV LED Lighting Module, please refer to the contact information provided with your product packaging or visit the manufacturer's website for assistance.

Thank you for your attention to these safety instructions. We hope you enjoy the enhanced visibility provided by the ARMANOV LED Lighting Module. Stay safe and happy reloading!
