

Large Pin for Armanov Swage PRO | Dillon XL650 / XL750 (Dillon XL650)

This large replacement pin is specifically designed for the Armanov Swage Pro tool, used with Dillon XL650 and XL750 progressive reloading presses. It replaces the original small pin that secures the case locator, offering a tighter fit and preventing wobble or misalignment during operation. This is the ideal upgrade for reloaders seeking improved precision and enhanced tool stability.

Safety Instruction Guide for Large Pin for Armanov Swage PRO | Dillon XL650 / XL750

Introduction

Thank you for choosing the Large Pin for Armanov Swage PRO. This replacement pin is designed to enhance the performance of your Dillon XL650 and XL750 progressive reloading presses. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

To ensure your safety and the proper functioning of the Large Pin, please adhere to the following guidelines:

- Always read and understand the product instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not use the product if it appears to be defective or damaged.
- Always follow the manufacturer's instructions for installation and use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

When using the Large Pin for Armanov Swage PRO, please observe the following precautions:

- Ensure that the reloading press is turned off and unplugged before installation.
- Avoid using excessive force when installing or removing the pin to prevent damage.
- Do not attempt to modify the pin or the reloading press; modifications can lead to safety hazards.
- Always wear appropriate safety gear, such as safety glasses, when operating the reloading press.
- Be aware of your surroundings and ensure that no one is in close proximity when operating the equipment.

Instructions for Installation and Usage

Follow these steps for the correct installation and usage of the Large Pin:

1. Preparation:

- Ensure that the Dillon XL650 or XL750 reloading press is turned off and unplugged.
- Gather necessary tools for installation, if required.

2. Installation:

- Locate the original small pin that secures the case locator.
- Carefully remove the small pin using appropriate tools, if necessary.
- Take the Large Pin for Armanov Swage PRO and align it with the case locator.
- Insert the Large Pin into the designated hole, ensuring a snug fit.
- Check for proper alignment and secure the pin in place.

3. Usage:

- Turn on the Dillon XL650 or XL750 reloading press.
- Follow the standard operating procedures for the reloading press, ensuring that the Large Pin is functioning correctly.

- Monitor the operation for any signs of wobble or misalignment.

4. PostUse:

- After use, turn off and unplug the reloading press.
- Inspect the Large Pin for any signs of wear or damage.
- Store the pin in a safe and dry location.

Disposal Instructions

When the Large Pin is no longer in use or has reached the end of its life, please dispose of it responsibly:

- Check local regulations for proper disposal of metal products.
- Do not dispose of the product in regular household waste.
- Consider recycling options available in your area.

Contact Information for Further Support

For any safety inquiries or further support regarding the Large Pin for Armanov Swage PRO, please refer to the manufacturer's contact information provided with your product packaging or on the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your Large Pin for Armanov Swage PRO. Thank you for your attention to safety!
