

Large Pin for Armanov Swage PRO | Dillon XL650 / XL750 (Dillon XL750)

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

This large replacement pin is specifically designed for the Armanov Swage Pro tool, used with Dillon XL650 and XL750 progressive reloading presses. It replaces the original small pin that secures the case locator, offering a tighter fit and preventing wobble or misalignment during operation. This is the ideal upgrade for reloaders seeking improved precision and enhanced tool stability.

Safety Instruction Guide for Large Pin for Armanov Swage PRO | Dillon XL650 / XL750

Introduction

Thank you for choosing the Large Pin for Armanov Swage PRO, designed specifically for use with Dillon XL650 and XL750 progressive reloading presses. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not use the product if it appears damaged or if any parts are missing.
- Always follow the manufacturer's instructions for safe operation and maintenance.

Specific Safety Precautions for Use

- Use the Large Pin only with compatible Dillon XL650 and XL750 reloading presses.
- Ensure that the reloading press is securely mounted and stable before installation.
- Avoid excessive force during installation to prevent damage to the pin or press.
- Do not attempt to modify or alter the pin in any way.
- If you experience any wobble or misalignment during operation, stop using the product immediately and check for proper installation.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools required for installation.
- Ensure the reloading press is unplugged and not in operation.

2. Installation Steps

- Remove the original small pin securing the case locator.
- Insert the Large Pin into the designated slot of the case locator.
- Ensure the pin fits snugly and securely, preventing any wobble.
- Check alignment with the reloading press to ensure proper function.

3. Usage

- Once installed, operate the Dillon XL650 or XL750 reloading press according to the manufacturer's guidelines.
- Monitor the operation for any irregularities such as wobbling or misalignment.
- If any issues arise, cease operation and inspect the installation.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is damaged beyond repair, consider recycling options if available.

Contact Information for Further Support

For any questions or concerns regarding the Large Pin for Armanov Swage PRO, please consult the manufacturer's website or contact their customer support for assistance. Ensure you have the product details at hand for efficient service.

Conclusion

Following these safety instructions will help ensure a safe and effective experience with your Large Pin for Armanov Swage PRO. Always prioritize safety and consult this guide whenever you have questions about the product's use. Thank you for your attention to safety, and happy reloading!
