Safety Instruction Guide for FlagPrinted Grip Tape for Speed Line Magazine Pads Powder Bar Return Spring for Dillon Powder Measure 14036 | 2X Pack

Introduction

Thank you for choosing the FlagPrinted Grip Tape for Speed Line Magazine Pads Powder Bar Return Spring for Dillon Powder Measure. This highgrade replacement part is designed to restore factoryspec performance to your Dillon Precision reloading press. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that all safety precautions are observed when using this product.
- Only use this replacement part with compatible Dillon Precision reloading presses.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the product.
- Avoid contact with moving parts during the operation of the reloading press.
- Do not modify the product in any way, as this may compromise safety and functionality.
- Use the product only as intended, in accordance with the manufacturer's guidelines.
- If you experience any difficulties during installation or use, cease operation immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation

- Ensure that the reloading press is turned off and unplugged from the power source.
- Gather necessary tools, such as a screwdriver, if required for installation.

2. Installation

- Remove the old return spring from the Dillon Powder Measure:
 - Carefully detach any components that may obstruct access to the spring.
 - Note the orientation and positioning of the old spring for reference.
- Install the new FlagPrinted Grip Tape for Speed Line Magazine Pads Powder Bar Return Spring:
 - Insert the new spring into the designated area, ensuring it is properly aligned.
 - Reattach any components that were removed during the process.
- Verify that the spring is securely in place and that all parts are reassembled correctly.

3. Usage

- Once installation is complete, test the reloading press to ensure smooth and reliable operation.

- Monitor the performance of the new spring during use. If any irregularities are noticed, stop using the press immediately.

Disposal Instructions

- Dispose of the old return spring and any packaging materials in accordance with local waste management regulations.
- Recycle materials where possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the product or safety instructions, please consult the manufacturer's website or contact their customer service for assistance.

Thank you for prioritizing safety while using the FlagPrinted Grip Tape for Speed Line Magazine Pads Powder Bar Return Spring for Dillon Powder Measure. Your attention to these guidelines will help ensure a safe and effective reloading experience.
