SpidErgo Pistol Grips for Tanfoglio Priming Station Spring Safety Instruction Guide

Introduction

Thank you for choosing the SpidErgo Pistol Grips for Tanfoglio Priming Station Spring. This product is designed to enhance your reloading experience by providing smoother performance. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the product for any damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as specified in the product description.
- In case of any malfunction, discontinue use immediately and seek assistance.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the reloading press.
- Be aware of your surroundings and ensure that the workspace is clean and organized to avoid accidents.
- Do not exceed the recommended pressure limits when using the press.
- Ensure that the primer station is securely attached before beginning the priming process.
- Handle all components with care to avoid injury or damage.

Instructions for Installation and Usage

1. Installation

- Disconnect the press from any power source before installation.
- Remove the original plastic case control tab from the primer station.
- Carefully install the SpidErgo Pistol Grips by following these steps:
 - Align the new spring with the designated slots on the primer station.
 - Press firmly to ensure a secure fit.
- Reconnect the press to the power source.

2. Usage

- Before starting, check that the primer station is functioning correctly.
- Load the appropriate primers and cases as per your reloading requirements.
- Operate the press smoothly and consistently to ensure optimal performance.
- Monitor the process for any unusual sounds or resistance, which may indicate a problem.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling regulations.
- If the product is no longer usable, dispose of it in a manner that complies with local waste management guidelines.
- Do not dispose of the product in household waste if it contains hazardous materials.

Contact Information for Further Support
