

Exactus Precision Stock Remington 700 SA AICS Laminated Tiger Wood

The WOOX Exactus is a hybrid precision rifle stock designed for long-range shooters and hunters who demand match-grade stability alongside the warm, organic feel of genuine hardwood. Featuring a full-length, CNC-machined aluminum sub-chassis housed within premium American Walnut, the Exactus provides a rock-solid, weather-resistant bedding platform. It bridges the gap between traditional hunting stocks and high-end tactical chassis, delivering superior accuracy without sacrificing classic style.

Built on a rigid AA 7075 aluminum mini-chassis with hard-coat anodizing. The solid aluminum-to-receiver interface ensures repeatable accuracy and eliminates zero shifts caused by humidity or thermal expansion.

Micro-Adjustable Cheek Riser: Allows seamless height adjustments so you can achieve perfect eye alignment with high-magnification optics.

Adjustable Length of Pull (LOP): Tailor the stock fit to your build or clothing layers using a quick and precise adjustment mechanism.

M-LOK® Forend Rail: Integrated M-LOK® slots along the forend allow effortless mounting of bipods, tripods, or rail sections.

Sling Support: Equipped with integrated QD (Quick Detach) sling swivel sockets for quick and secure sling mounting.

WOOX Exactus Precision Stock Safety Instruction Guide

Introduction

Thank you for choosing the WOOX Exactus Precision Stock for your Remington 700 SA. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your product. Please read this manual carefully before use to maximize safety and performance.

General Safety Guidelines

- Ensure that the stock is installed correctly before use.
- Regularly inspect the stock for any signs of wear or damage.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Store the stock and firearm in a secure location, away from unauthorized access, especially by children.
- Familiarize yourself with the specific features of the WOOX Exactus Precision Stock to ensure proper handling and maintenance.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **MicroAdjustable Cheek Riser:** Ensure that the cheek riser is securely locked in place before use. Adjust only when the firearm is pointed in a safe direction.
- **Adjustable Length of Pull (LOP):** Confirm that the length of pull is adjusted to fit your body size and clothing layers. Make adjustments only when the firearm is not loaded.
- **MLOK® Forend Rail:** Use compatible accessories and ensure they are securely attached. Regularly check for tightness and stability.
- **Sling Support:** Use only compatible slings and ensure that they are attached securely to the QD swivel sockets to prevent accidental detachment.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from the Remington 700 SA according to the manufacturer's instructions.
- Align the WOOX Exactus Precision Stock with the receiver and attach it using the provided hardware.
- Tighten all screws and bolts securely, ensuring no movement between the stock and receiver.

2. Usage:

- Adjust the cheek riser to achieve optimal eye alignment with your optics.
- Adjust the length of pull to ensure a comfortable and secure fit.
- Attach any accessories to the MLOK® forend rail as needed, ensuring they are secured properly.
- Always handle the firearm with care, keeping it pointed in a safe direction.

Disposal Instructions

- Dispose of the WOOX Exactus Precision Stock in accordance with local regulations.
- Do not dispose of the stock in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.
