

Exactus Precision Stock Remington 700 SA BDL Walnut

The WOOX Exactus is a hybrid precision rifle stock designed for long-range shooters and hunters who demand match-grade stability alongside the warm, organic feel of genuine hardwood. Featuring a full-length, CNC-machined aluminum sub-chassis housed within premium American Walnut, the Exactus provides a rock-solid, weather-resistant bedding platform. It bridges the gap between traditional hunting stocks and high-end tactical chassis, delivering superior accuracy without sacrificing classic style.

Built on a rigid AA 7075 aluminum mini-chassis with hard-coat anodizing. The solid aluminum-to-receiver interface ensures repeatable accuracy and eliminates zero shifts caused by humidity or thermal expansion.

Micro-Adjustable Cheek Riser: Allows seamless height adjustments so you can achieve perfect eye alignment with high-magnification optics.

Adjustable Length of Pull (LOP): Tailor the stock fit to your build or clothing layers using a quick and precise adjustment mechanism.

M-LOK® Forend Rail: Integrated M-LOK® slots along the forend allow effortless mounting of bipods, tripods, or rail sections.

Sling Support: Equipped with integrated QD (Quick Detach) sling swivel sockets for quick and secure sling mounting.

WOOX Exactus Precision Stock Safety Instruction Guide

Introduction

Thank you for choosing the WOOX Exactus Precision Stock for your Remington 700 SA BDL. This guide provides essential safety instructions to ensure safe use and maintenance of your product. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that the stock is compatible with your firearm model before installation.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Inspect the stock regularly for any signs of damage or wear that could affect performance.
- Keep the stock and firearm out of reach of children and unauthorized users.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Avoid OverTightening:** When installing the stock, do not overtighten screws or fasteners, as this may cause damage to the stock or the firearm.
- **Check for Stability:** After installation, ensure that the stock is securely attached and stable before using the firearm.
- **Use Appropriate Ammunition:** Only use ammunition that is recommended for your firearm model to prevent malfunctions or accidents.
- **Regular Maintenance:** Clean and maintain the stock as per the manufacturer's instructions to ensure optimal performance and longevity.

Instructions for Installation and Usage

1. Installation

- Remove the existing stock from your Remington 700 SA BDL by unscrewing the action screws.
- Align the WOOX Exactus Precision Stock with the firearm's action.
- Securely attach the stock using the provided screws, ensuring not to overtighten.
- Check the alignment and stability of the stock before proceeding to use the firearm.

2. Usage

- Adjust the MicroAdjustable Cheek Riser to achieve the desired height for optimal eye alignment with your optics.
- Customize the Length of Pull (LOP) to fit your body size or clothing layers using the adjustment mechanism.
- Utilize the MLOK® Forend Rail for mounting accessories like bipods or tripods as needed.
- Ensure the sling support is properly attached before using the sling.

Disposal Instructions

- Dispose of the stock in accordance with local regulations regarding electronic and nonelectronic waste.
- If the stock is damaged beyond repair, consider recycling materials where applicable.
- Do not dispose of the stock in regular household waste.
