

Wild Man Hunting Stock Remington 700 SA / Left Hand DBM Walnut

The WOOX Wild Man Precision Stock is designed for shooters who prefer the traditional look and feel of a classic sporter rifle stock but require the performance and rigidity of a modern precision chassis. It achieves this by combining a high-quality American Walnut exterior with an internal aluminum backbone for consistent, repeatable accuracy.

Traditional Profile: Unlike WOOX's more aggressive, tactical-style chassis (like the Merica or Furiosa), the Wild Man features a classic, ergonomic sporter shape that feels natural for hunting and field use.

Aluminum Skeleton: Even with its traditional wood aesthetics, it houses an internal aluminum chassis that provides a rock-solid, vibration-dampening interface for the rifle action, eliminating the need for custom glass bedding.

Ergonomics: Designed with a comfortable, secure grip and a balanced weight distribution that aids in off-hand shooting while remaining stable on a rest.

Drop-In Ease: Like all WOOX stocks, it is a drop-in component, allowing for a quick, precise fit with compatible bolt-action receivers.
